# **Empagliflozin**

(Whakahuatia a 'empa-gli-FLOW-zin') E kīia ana hoki ko Jardiance

Whakamahia ai a empagliflozin hei whakamaimoa i te matehuka Momo 2 me te hēnga manawa.

#### Te matehuka momo 2

Ka whakaiti i te hukatoto mā te tango atu i te kūhuka ka mimi ana koe.

## Te hēnga manawa

Ka whakaiti i te hēmanawa. te ngenge me te pupuhi o ngā rekereke.

# www.healthify.nz

# **Etahi atu painga o te empagliflozin**

Waihoki, mā empagliflozin e:

TITITITITITITITITITITITITITITI

- tiaki ō tākihi me te manawa
- e whakaiti tō pēhanga toto
- e whakaiti te tūraru o te manawa-hē
- e āwhina kia heke iho te taumaha o te tinana
- e whakaiti tō tūponotanga kia hōhiperatia koe ko te hēnga manawa te take
- e roa ai pea ō tau ora

# Te ārai i ngā mate āpiti

Mā te empagliflozin e nui ake ai te kūhuka i roto i te mimi. Nā reira ka puta pea he poke aramimi (UTIs), he poke taihema puruheka (thrush) rānei.

E whakaiti ai i tō tūraru, me āta whai i ngā tikanga akuaku taihema

I ia wā ā muri atu i te mimi, horoia ō taihemahema ki te wai, āta hārautia kia maroke rānei ki te pepa heketua.

#### Ngā tāngata whai taiawa:

Kia rua ngā horoinga ia rā o tō wāhi puapua.

#### Ngā tāngata whai ure:

Kia kotahi te horoinga o tō tapatapa ia rā, tōia mai hoki te kirimata i mua mai i te mimi kia kore ai e uru te mimi ki roto i te kirimata.

Hei kaupare i te poke taumaha, kia wawe ka taea te whakamaimoa i te poke taihema puruheka, i te UTI rānei

Me wawe tonu tō whakapā atu ki tō kaiwhakarato hauora i te kitenga atu āu i tētahi o ēnei tohumate:

- He mangeo, he mamae, he pūwhero, he pupuhi rānei i ngā taihemahema, i te kumu rānei.
- He mamae, he pāwerawera ka mimi ana koe.
- · He rite tonu te mimi, ka puta he mimi ehu, he mimi pōuri, he mimi haunga rānei.

Pai katoa te maimoatia o ēnei poke hei karo i ngā raruraru.

# Mā te empagliflozin e puta ai pea te ketoacidosis

Ka taea e te empagliflozin te whakapiki te taumata o ngā hāparo-rua i te toto me te whakawaikawa hoki i te toto. E kīja ana tēnei ko te **ketoacidosis**.

Ka nui ake tō tūraru mēnā:

- kua tauraki koe (kāore koe e inu kia rawaka te nui o te wai) kua pāngia rānei koe e te mate tikotiko, tērā rānei
- kāore koe e kai kia rawaka te nui o ngā warowaihā.

# He mea taumaha te ketoacidosis, ā, me wawe tonu te maimoatanga

- Mēnā kua pāngia koe e te whakapairuaki, e te ruaki, e te mamae o te puku rānei, me wawe tonu te haere ki tō tākuta, ki te hōhipera rānei.
- Ka hiahiatia e koe he aromatawai toto wero matimati hei mātai i te taumata o ngā hāparo-rua.

## E hapū ana, e whāngote ana rānei?

Me kõrero atu ki tõ rata mēnā kei te hapū koe, kei te whāngote rānei.

Me whakawhiti koe ki tētahi atu rongoā.

He whakarāpopototanga tēnei pukameka. Mō ētahi mōhiohio āmiki atu mō te empagliflozin, haere ki www.healthify.nz/empagliflozin

# Hei ārai atu i te ketoacidosis ka taea e koe

NININININININININININININININI

# Te inu kia rawaka te nui o te wai kia kore ai koe e rongo i te hiainu

- Mēnā kua tohutohua koe kia iti noa te inu wē, kōrero ki tō kāhui tiaki hauora mō te āhua e whakaritea ai taua āhuatanga.
- Āraihia, kia iti noa iho rānei te waipiro. Mā te nui rawa, mā te auau rawa o te inu e puta ai pea te ketoacidosis.

### Whakaritea he mahere rā māuiui ina māuiui koe

- Me mutu tonu tō kai empagliflozin ina pāngia koe e te whakapairuaki, e te ruaki, e te mate korere (te tiko kūwaiwai), e te kirikā rānei.
- Me tīmata anō te kai i taua rongoā ā muri atu kua māori noa iho te kai me te inu mō te kotahi, mō te rua rā rānei.

#### Kōrero ki tō kāhui tiaki hauora I MUA MAI I:

- → Te tīmata i tētahi whiringa kai warowaihā iti (keto).
- → Te whai korikori tinana tino kaha, tino roa rānei pēnei i te tauwhāingaroa, te eke paihikara, te hīkoi rānei.
- → Te kai i ētahi atu rongoā, tāpiritanga otaota rānei.
- → Te poka, te tirotiro rānei, ā, me mutu i a koe te kai mō te 12 haora, neke atu rānei (hei tauira, ko te tirotiro kōpiro). Me mutu i a koe a empagliflozin te kai i ētahi rā i mua mai.
